

Jasper

jas-per: a multi-coloured opaque stone, which often turns red-brown from iron, has been commonly used for making ornaments throughout history.

The Jasper has been designed for families that love to entertain. This single storey 4 bedroom design keeps all the bedrooms at the front, allowing the back of the home to open up into a generous kitchen/living/dining area with multiple indoor and outdoor zones.

PERFECT FOR

-  **Big families**
-  **Entertainers**
-  **Growing families**
-  **Home theatre option**
-  **First home buyers**
-  **Scullery included**
